2.8 cft paper shavings bag, 25 cft usable

Made from virgin food grade paper and its different shredding processes give the litter a soft and cozy texture which results in many benefits for the health and comfort for the animals. The whiteness of the product facilitates maintenance because soiled areas are easily visible. High absorption capacity prevents the dispersion of liquids and reduces the amount of litter to dispose of.

001-3024 Poultry and small animals

- **Made of a specific paper blend for poultry and small animals**
- Parasite and dust free
- Reduces ammonia odors
- **Contains no toxic product and no Phenol** (Oil that irritates the respiratory tract and eyes)
- Insulates against cold and protects against humidity
- Provides a very soft bedding
- Compost quickly and provide excellent fertilizer for the garden

001-3025 Horses and Large animals

- **Specially formulated for large animals**
- Absorbs 5 X more than wood shavings
- **Contains a non-toxic gelling additive**
- Dust free and ultra absorbent
- Keep animals drier
- **Reduces "Hoofs fork rot" diseases**
- Reduces ammonia odors
- Fine and light texture
- Can reduce the volume of manure by 50%
